

SENSORY SOUNDS

WATER

SONG LYRICS

In the river, in the ocean,
In your kitchen sink.
In the clouds, in the sky,
And in your bath.

Flowing through meadows,
And skipping through woods.
Crashing onto the sand -
Is the water.

I am weightless, I am floating,
I am hugged and held.
I am splashing, I am diving,
And I am -

Flowing through meadows,
And skipping through woods.
Crashing onto the sand -

In the water.
I'm made of water.
Bring me to the water.
Let me in the water.
I'm made of water.

60 percent of a body like mine,
Like the waves on the sand -

Is made of water.
Life is made of water
Bring me to the water
Let me in the water
Like I need the water
I'll always love the water
